ORION CLASSIC

The ORION range in both its cool steel or elegant timber finish is the ultimate executive, boardroom and meeting area chair range. Its intrinsic design gives exceptional comfort both behind the desk and at long meetings, whilst its look speaks for itself in terms of clean aesthetic lines and practical functionality. The optional veneered backs, available in both vertically grained Walnut and horizontally veneered Oak, can be coordinated with your William Hands desks and tables with the same detailing.

The upholstery is now available in either the original "Classic" plush form or a "Slim" version that employs the shell curvature to give long term comfort.
